

**San Juan Islands EMS Meeting**

October 1, 2018 – 12:00pm – 1:00pm Zoom:

<https://uw-phi.zoom.us/j/2065208962>

**INTRODUCTIONS:**

*Dr. Pete McGough, Dr. Matt Jaffy, Dr. Mike Alperin, Dr. Mike Sullivan, Darren Layman, J Havner, Scott Williams, Anne Presson, Mark Bresnick*

**EMS Oversight**

- Dr. Wilson has stepped down from role on Lopez
- SJI County EMS Oversight
- Lopez & Orcas on-call
- Questions / Opportunities

**After hours discussion**

**UW Lopez & Orcas current scope (attachment)**

- Questions / Opportunities
- Lab: troponins

**Other Issues**

**Proposal:** quarterly meeting with our regional and clinic leadership to go over issues, case studies

<b>Procedure</b>	<b>Historically</b>	<b>Currently</b>	<b>Future</b>	<b>Remarks</b>
IV Fluids	YES	YES	YES	Depends upon acuity and triage.
IV Antibiotics	YES	NO	TBD	Our primary care standard has been IM antibiotics.
Wound Care (Suturing)	YES	YES	YES	
Patient monitoring when unable to transport	YES	NO	TBD	We can discuss at EMS forum
X-Rays	YES	YES	YES	We can share our list of XR's we provide.
Labs, cardiac-other (CBC, CMPL, Troponin, etc.)	YES	YES	YES	We have expanded these based on Island request. Troponin is under review and we can discuss.
Cardiac 12-lead	YES	YES	YES	
Ultrasound	NO	NO	TBD	This is an emerging area and we can discuss. Would require training and equipment.
Intubation	YES	NO	NO	
ACLS care	YES	NO	NO	We can discuss at EMS forum
Simple Fractures	YES	YES	YES	
Joint Reduction	YES	NO	NO	We can discuss at EMS forum
Childbirth, Low Risk	NO	NO	NO	This was not previously requested and we have no providers who do OB on the Islands.
STEMI Thrombolytic Therapy	NO	NO	NO	
Pain Management (Fentanyl)	YES	NO	NO	We certainly manage both acute and chronic pain, but do not stock Fentanyl.
Overdoses (Interlipids)	NO	NO	NO	We will be stocking Narcan for opioid overdoses. EMS should have as well.
Antiemetics (Zofan)	YES	YES	YES	

# Lopez Island Fire and EMS

## EMS Capabilities

Peripheral IV access  
Central IV access  
IO access  
Umbilical venous catheterization  
IV/IO fluids  
IV/IO Pump  
Legal blood draws  
BGL measurement  
Lactate measurement  
Breathalyzer  
ETCO2 monitoring  
CO monitoring  
SPO2 monitoring  
Endotracheal intubation  
Direct Laryngoscopy  
Supraglottic airway  
Surgical cricothyrotomy  
Needle cricothyrotomy  
Transtracheal jet ventilation  
Nebulizer  
CPAP  
Orogastric Tube  
EKG 12-lead  
ACLS  
PALS  
NRP  
Childbirth, limited complications  
Pleural decompression  
Pericardiocentesis  
Patient restraint—physical and  
chemical  
Medications:  
-Acetaminophen (Tylenol)  
-Activated Charcoal (Actidose-  
Aqua)  
-Adenosine (Adenocard)

-Albuterol Sulfate (Ventolin)  
-Amiodarone Hydrochloride  
(Cordarone)  
-Antacid (OTC)  
-Aspirin  
**-Atorvastatin (Lipitor)—  
anticipated addition**  
-Atropine Sulfate Injection  
-Bacitracin Ointment  
-Calcium Chloride Injection  
-Cetirizine (Zyrtec)  
-D50  
-Diltiazem (Cardizem)  
-Diphenhydramine (Benadryl)  
-Epinephrine 1:1000/  
1:10,000(Adrenalin)  
-Etomidate (Amidate)  
-Fentanyl (Sublimaze)  
-Glucagon  
-Glucose Gel  
-Haloperidol (Haldol)  
-Heparin  
-Hydromorphone (Dilaudid)  
-Hypertonic Saline  
-Ipratropium Bromide (Atrovent)  
**-IV antibiotics—anticipated  
addition**  
-Ketamine  
-Ketorolac (Toradol)  
-Labetalol (Trandate)  
-Lactated Ringers  
-Lidocaine Hydrochloride  
Injection (Xylocaine)  
-Lorazepam (Ativan)  
-Magnesium Sulfate  
-Methylprednisolone (Solu-  
Medrol)  
-Metoprolol (Lopressor)  
-Midazolam (Versed)  
-Naloxone Hydrochloride  
Injection (Narcan)  
-Nitroglycerin Tablets  
-Norepinephrine (Levophed)  
-Ondansetron (Zofran)  
-Oxymetazoline (Afrin)  
-Oxytocin (Pitocin)

- Promethazine (Phenergan)
- Ranitidine (Zantac)
- Rocuronium Bromide (Zemuron)
- Sodium Bicarbonate Injection
- Succinylcholine (Anectine, Quelicin)
- Supplemental Oxygen
- Terbutaline (Brethine)
- Thiamine
- Tranexamic Acid (TXA)

**Outside our capabilities:**

Ultrasound  
Joint reduction  
Labs—troponin, CBC, etc.  
Urinalysis  
X-ray  
STEMI thrombolytic therapy  
Advanced wound care—suturing,  
staples, glue  
Catheter placement/management  
Video laryngoscopy  
Nasotracheal intubation

**Island Clinics Project Intake Form**

Date:

Project Name:

Requestor:

Submitted by:

Project description:

Indicate the main Pillar Goal / Primary Driver:

Serving the Patient and Family  
Employer of Choice

Quality of Care  
Fiscal Responsibility

Explain how the project supports that Pillar Goal:

Size Estimate (number of hours, dollars or resources required to complete the project):

Will this project support Orcas Island, Lopez Island or both?

Both

Orcas

Lopez

Describe the impact this project will have on providers, clinic staff members, patients and clinic work flow:

Outline a brief anticipated timeline, including ideal start date for the project and time to complete:
